

THE SMARTPHONE WITHOUT LIMITS.

Welcome

MOTOROLA MILESTONE™ gives you a premium browsing and messaging experience with the latest from Google™.

- **Browsing.** Surf with a huge screen and full HTML.
- **Organization.** Unify your work and life with calendar, email, and contacts.
- **Maps, entertainment, & more.** Google Maps™ to find your way. YouTube™ to stay entertained.

Note: Your phone may look different.

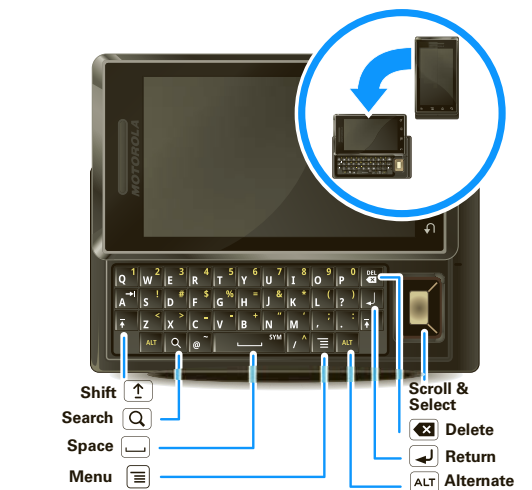

Your phone

Most of what you need is in the touchscreen and four simple keys on the front:

- **Back:** Go back one screen.
- **Menu:** Open menu options.
- **Home:** Go to the home screen.
- **Search:** Search on your phone.

If you want a full keyboard (good for texting, or searching in your **Contacts** list), just turn and slide—the screen spins to stay right-side up.

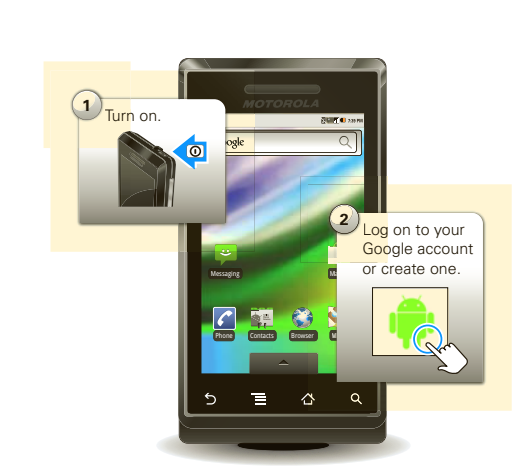

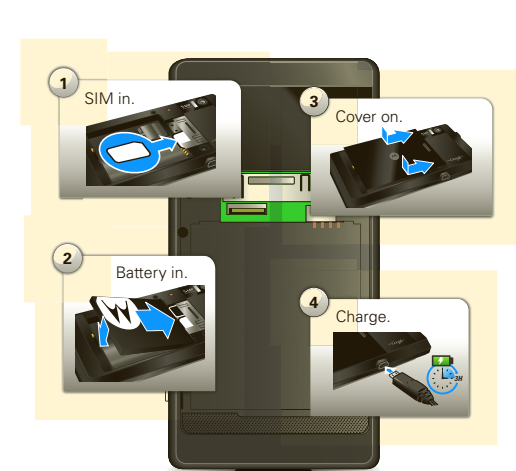

Let's go

Let's get you up and running.

Tip: Your phone comes with a microSD memory card already installed. It's right next to your SIM card slot.

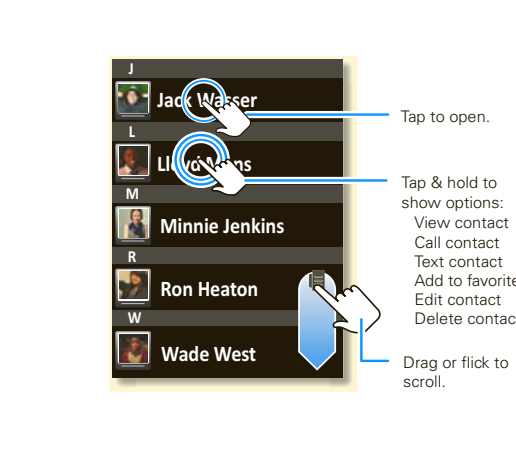

Caution: Before assembling, charging or using your phone for the first time, please read the important **Safety, Regulatory & Legal** information provided with your phone.

Touch

It's all in the touch:

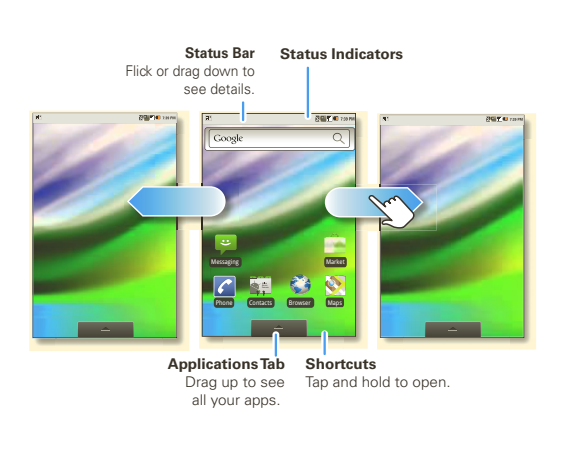

- **Tap:** Choose an menu item or option.
- **Tap & Hold:** Open options.
- **Drag:** Scroll or move slowly.
- **Flick:** Scroll or move quickly. (Tap again to stop.)
- **Double-tap or pinch:** Zoom in for a closer look or zoom out to see the big picture.

Home

The *home screen* gives you all your latest information in one place. It's what you see when you turn on the phone or press Home from a menu. It has 3 panels. Slide your finger to the left or right to see more.

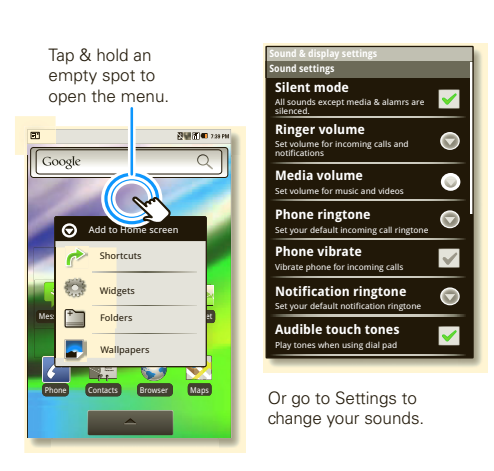

Tip: When you have voicemail, missed calls, text messages, and more, drag down the status bar for details.

Personalize

Go ahead, add your personal touch. Change your widgets, wallpaper, ringtone, and more—really make it yours.

- **Home screen:** To add something or change your wallpaper, tap and hold an empty spot until you see **Add to Home screen**.
- **Ringtones & sounds:** Press Menu > **Settings** > **Sound & display** > **Phone ringtone or Notification ringtone**.

Apps

You can find all of your applications in one place. From the home screen, just drag up the tab . To open an app, just tap it.

Want more? No problem: To check out Android Market™ and download more apps, press Home  >  **Market**.

Calls

Your dialpad and call lists are just a tap or two away—just tap  **Phone** from the home screen.

- **Answer Calls:** Drag  to the right.
- **Ignore Calls:** Drag  to the left.
- **Return to a Call in Progress:** Drag down the status bar and tap your call.

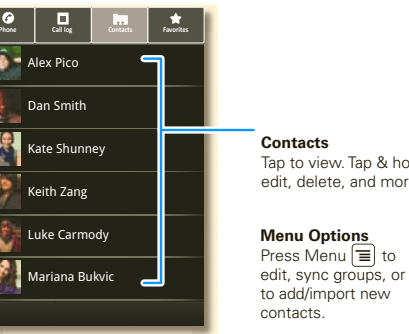

Tip: What about voicemail? Tap  **Phone**, press and hold **1**. Then, follow the tutorial.

Contacts

Contacts like you've never had before. View, search, and use them your way. Tap  **Contacts** in the home screen.

Tip: When you flick or drag this list, a scroll bar appears on the right. Drag the scroll bar to move the list faster. To search the list, just open your phone and type a name.

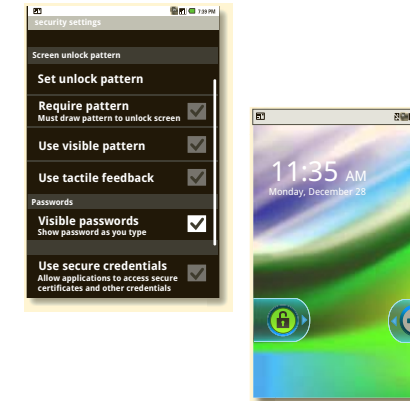

Locks

You have lots of ways to keep your phone safe:

- **Sleep Mode:** Let the screen time out (don't press anything).
- **Power Key:** Switch the power off.
- **More Lock Options:** Menu  > **Settings** > **Location & security**

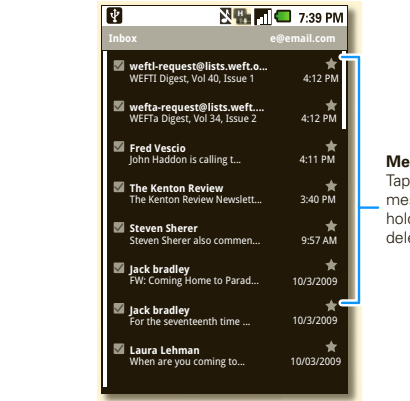

To unlock the screen, drag the unlock icon to the right.

Messages

All of your messages in one place—text or picture messages. Press Home  >  **Messaging**.

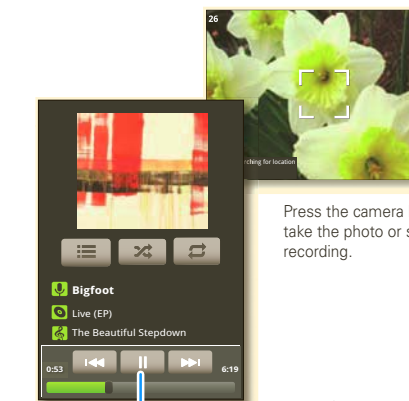

- **Set Up Your Email:** Tap Home  >  **Email**. An easy email setup wizard will guide you.
- **Sync Corporate Email:** You just need your Exchange Server and Domain names. After you sync email, your corporate contacts and calendar automatically sync.

Media

See it, capture it! You'll even have time to relax with some music. First, grab a memory card.

- **Photos:** Press Camera  on the right side of your phone.
- **Videos:** Press Home  >  **Camcorder**.
- **Music:** Press Home  >  **Music**.

Web

Browse, download, and search (of course). Press Home  >  **Browser** and surf to your heart's content.

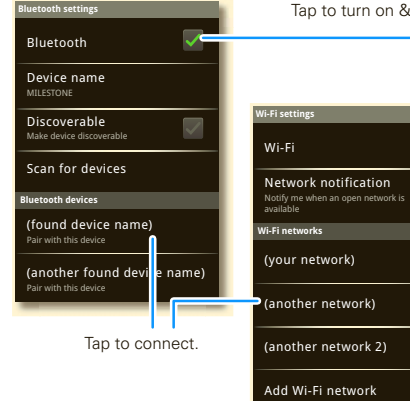

Tip: Watch YouTube™ videos in high resolution: tap Menu  > **More** > **Watch in high quality**.

Wireless

Lose the wires—tap Menu  > **Settings** > **Wireless & networks**.

- **Bluetooth:** For handsfree calls and wireless music, tap **Bluetooth settings** and connect to your accessory.
- **Wi-Fi:** For fast internet access, tap **Wi-Fi settings** and connect to a home, office or hotspot network. For connection details, tap Menu  > **Advanced**.

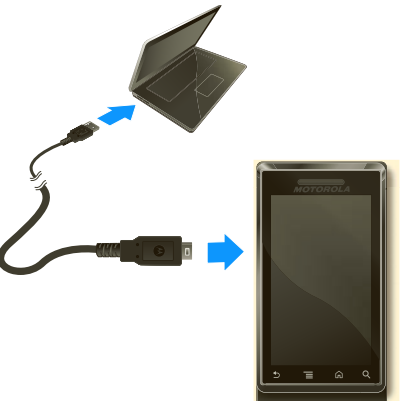

Tips

Good things to know:

- **Save Battery:** Use the power control widget. Tap Menu  > **Add** > **Widgets** > **Power Control**. Also, set corporate email and Facebook to manual sync.
- **Transfer files to & from a PC:** Connect to a PC using a data cable. Drag down your phone's status bar and tap **USB connection** > **Memory card management**.
